WATS 3000 Cuong Mai Bootstrap project design document

The title of my website is Tasty Pastry

I would like the website to have pictures and description, background color of each webpage, easy to read text and font, easy to the eyes by having nice color and simple to follow and use through positioning of pictures and text.

What I hope to accomplish with these design are to make the website lively, colorful, and accessible to everyone and every device.

Some of the websites that I view to give me ideas, inspiration, and comparison are
